

HYDRAZON

STANDING WATER DISPENSER

Having a high-quality water source in the office is not a matter of convenience, but of hydration and well-being. Hydrazon's design and performance are the answer.

- Supplies cold and ambient water.
- Intelligent design to accommodate filtration or reverse osmosis as desired.
- Tray full alert with an LED
- Dispensing area: high and illuminated 28 cm for refilling bottles.
- Dashboard with LED light
- Use of all-natural gas for refrigeration, R600a gas.
- Cooling technology: BDC.
- Power: 180 W - 1A
- Cold water temperature: 5 -12 °C
- Working pressure:
 - Minimum: 2.5 Bar (without pump)
 - 1 Bar (with pump)
- Voltage: 230V – 50 Hz

SYSTEM MEASURES

CODE	DIMENSIONS (mm)		
	A	B	C
Hydrazon	351	416	1120

CODE	MODEL
HYDRAZON 15 COOLING WATER DISPENSER	
FU-7000-01	Hydrazon 15 Cooling WATER DISPENSER
FU-7000-06	Hydrazon 15 Filtration QC Sediments
FU-7000-08	Hydrazon 15 Reverse osmosis 75 GPD
FU-7000-09	Hydrazon 15 Reverse Osmosis 75 GPD + pump
SPARE PARTS FOR FILTRATION WATER DISPENSER	
CA-0218-02	QC3 sediment cartridge
CA-0218-06	QC3 CTO NANOSILVER cartridge
REVERSE OSMOSIS WATER DISPENSER SPARE PARTS	
CA-0218-02	QC3 sediment cartridge
CA-0218-04	QC3 GAC cartridge
CA-0218-06	QC3 CTO NANOSILVER cartridge
ME-0218-03	75 GPD encapsulated membrane
OI-0205-18	CTO Antibacterial NANOSILVER post-filter
