

WATERFALLS

WATER DESCENT

The waterfall is an ideal decorative accessory to beautify your pool or spa.

Its water flow not only offers an attractive visual effect, but also provides a relaxing massage, adding a touch of elegance and style to your pool.

Available in 4 different widths, allowing you to create a variety of effects to suit your preferences.

4 different lengths: 300 mm, 600 mm, 900 mm and 1200 mm.

Note: this graph corresponds to the 300mm long waterfall. For a length of 600 mm, twice the flow is required, triple for 900 mm and four times higher for 1200 mm.
