ERGONOMIC WATER MASSAGE CHAIR

THE BEST WAY TO ENJOY RELAXATION IN YOUR POOL

ERGONOMIC
The chair was designed to follow the contours of the body and each jet was placed to perfectly match the muscle structure of the human form to deliver a comfortable, relaxing hydromassage experience.

SILENCE AND SUSTAINABILITY
The pump used is adapted to allow you to enjoy the moment in silence. There is no water waste. It re-uses the existing water you already have in your own pool. Its low consumption pump makes it also energetically responsible.

EASY TO USE
It can be connected by remote control from anywhere.

EASY MAINTENANCE
Completely designed so that you don 't have to worry about maintenance. It's now easier than ever to maximize your comfort, relaxaion and recovery.
