

3 WAY FAUCETS

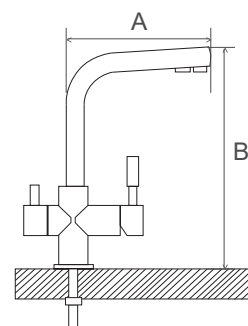

3-way faucets offer hot and cold faucet water and treated osmosis water in a single faucet.

They include two independent mixer faucets, one for hot and cold water and another for treated water, with independent internal conduits to prevent mixing between waters.

3 WAY LEAD FREE SERIES

The Lead Free 3-Way faucet is designed in a rectangular and robust shape. This faucet is especially useful in kitchens where you want have access to multiple sources of water, such as cold water, hot water tea or filtered water, all from the same Faucet.
