

AKELA CHROME FAUCET

3 WAY TAP

3-WAY TAP: RUNNING WATER, HOT WATER AND FILTERED WATER IN ONE TAP
Thanks to its interior ducts that separates the water for common use and the filtered water.

INNOVATIVE DESIGN
No need to drill twice into the sink and no extra space needed for the osmosis tap.

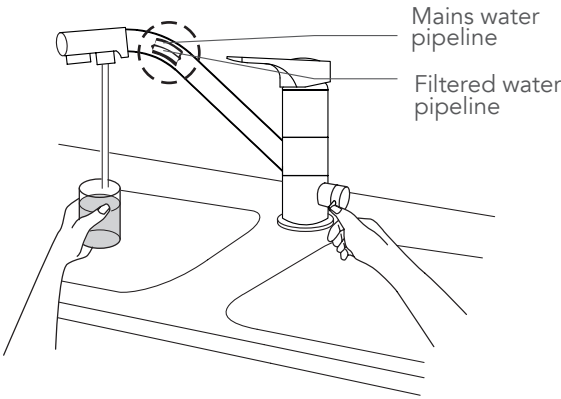

AKELA CHROME

The most classic tap in the range, for the smallest of spaces.

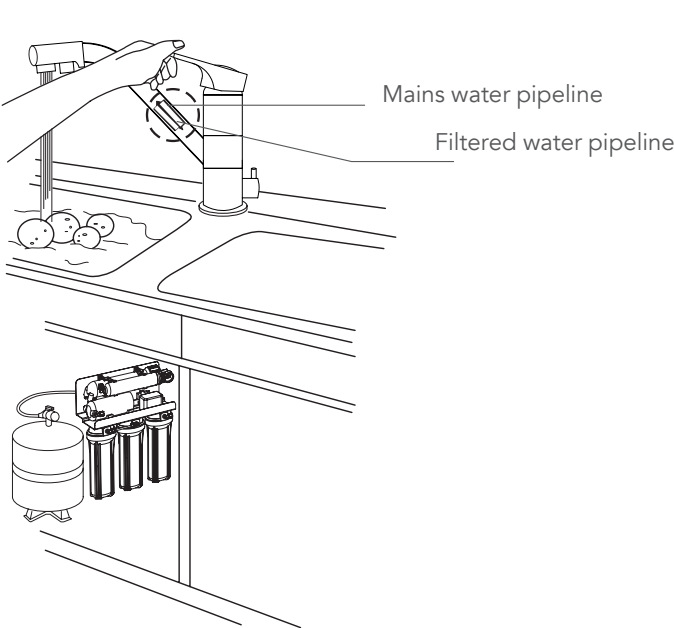

- Chrome-plated body, Zinc plated handle
- The water flow and outlet from the osmosis system does not come into contact with any metal part of the tap, so the water maintains its maximum purity
- Cartridge, hoses and aerator with **NSF certificate**.
- 40mm cartridge
- Plastic threaded connector 1/2" to 3/8" for the osmosis system
- 2 pcs 50 cm flexible stainless steel braided hose
- 1 pc 35 cm flexible stainless steel braided hose

CODE	MODEL	MEASUREMENTS WIDE x HEIGHT x PROF.
OI-0207-180	Akela Chrome Faucet	280 x 211 x 55 mm

FILTERED WATER

MAIN WATER

- Mains water and filtered water share the same tap, but not the same pipes. A single tap takes up less space, is more elegant, safer and more hygienic.
