

4 WAY FAUCETS

4-way faucets offer hot and cold faucet water and filtered or osmotized osmosis water in a single faucet.

They include two independent mixer faucets, one for hot and cold water and another for filtered or osmotized water, with independent internal conduits to prevent mixing between waters.

4 WAY SERIES

- Chrome body, Zinc handle
- The water circulation and outlet pipe coming from the osmosis system does not come into contact with any metal part of the faucet. This way, the water maintains its maximum purity.
- NSF certified cartridge, hose and aerator.
- 35mm cartridge
- 2 tubing of 5/16" for filtered and osmosis water
- 2 connectors for 1/4" outputs with the possibility of changing them to 3/8" using an intermediate connector (also included)
- 2 pcs 50cm flexible stainless steel braided hose
