

Kobe

COMPACT SOFTENER FOR WATER OF DOMESTIC USE

Lime is an invisible enemy that hardens water and makes it harmful to your household appliances and unpleasant for personal consumption and cleaning.

Kobe is the compact water softener of low salt consumption that eliminates that problem in your home, obtaining a pure and light water perfect for all uses.

KOBE CLACK SOFTENER

Compact automatic softener for water hardness removal by ion exchange resins.

WS1Ci UF meter valve, digital programmer and delayed or immediate upflow regeneration

FEATURES AND TECHNICAL SPECIFICATIONS

- Cabinet made of blown polyethylene
- GRP vessel reinforced in polyester
- Regeneration by average consumption
- Programmable frequency regeneration
- Hardness mixer included
- Turbine for the volume control of the treated water
- 1" Connection
- Optional bypass and adapter 1" elbow 90°
- Safety salt buoy included
- Loaded with food grade resin of high capacity with high performance.
- Working pressure: 2,5 to 6 Bar
- Max. temperature: 40 ° C
- Power supply: 200~240V 50/60Hz 15Vcc
